**Declares Girl Threatened

Shot Her—Bound Over to Court**

[ASSOCIATED PRESS TELEGRAM]
Columbus, Jan. 15.—Arraigned in municipal court this morning on a charge of murder in the first degree for killing Mona Simon in a leading hotel here last Thursday night, Weldon H. Wells, 23, Kansas City broker's clerk, entered a plea of not guilty and was bound over to the grand jury without bond.

Coroner Herskowitz will commence an inquiry into the cause of the death of Mona Simon this morning, following the confession last night made by Wells. Wells, however, intimated that it was while defending himself that he shot her.

Wells was returned to Columbus last night from Huntington, Ind., in custody of Peter Albanese, chief of detectives of the Columbus police department and Robert O'Donnell, of the county prosecutor's office.

He was taken immediately to Chief of Police Carter's office where he related to the authorities his visit in Columbus, his meeting with Mona Simon and the struggle which ended in her death and his escape from Columbus.

Close watch was kept over the prisoner all night for fear that he might attempt suicide.

No steps to employ counsel were taken by Wells last night.

In his confession Wells said: "I left Indianapolis on the 11:20 train Tuesday and arrived in Columbus late in the afternoon. I don't just remember the time, but I walked slowly to the Desher hotel, where I registered. In my room I unpacked my grip, washed and went out for a few drinks. I tried to find Tom Daily, but I couldn't locate him, so I got drunk. Last night I went back to the hotel and to my room."

"About 4:30 Thursday afternoon, I met Daily by appointment and held a conversation, lasting over a period of a half hour. He left and I went to my room. I left the hotel about eight o'clock, after having had supper. To finish my jaunt, I got several drinks and walked the streets. About four blocks from the hotel (probably High and Chestnut streets) I met the girl. She stopped me and proposed that we drink together. It was dark and I couldn't see her very well, but I accepted."

"Because the place to which she took me was crowded with negroes, I was afraid and asked her to go to my room. She consented."

"In the room the couple quarreled when the girl's physical condition was revealed to him. Wells says she threatened him with a razor."

She said she had it concealed in her stocking and I began a search for it. While scuffling with her and in a crouched position she seemed to grasp my neck."

"It was then that I reached into the writing desk drawer and drew out the revolver. Without looking at her, I fired. The blood spurted forth and she fell. She didn't utter an outcry of any sort, but staggered back to the bed and then fell on the floor. From then on my mind was blank, it seemed."

Wells was interrupted by Chief Carter, who told him to tell the rest of his story and "nothing but the truth."

Wells protested he was telling the truth and had told all he knew. Then he continued:

"I opened my door to see if anyone was coming, but there wasn't, so I went to the bathroom and there washed the blood from my hands. (He said he could not explain how the blood got on his hands.) I took the elevator down, walked to the clerk's desk and tossed my key—the only one I had—on the desk. The clerk was busy and did not try to stop my leaving the hotel. I walked hurriedly to the Union station and boarded the 9:50 train for Indianapolis. From there I went to Huntington to see my grandmother. Friday morning I went to Fort Wayne, and that evening returned to my grandmother's home to bed. The police came late that night and got me."

Police officers announced, that in view of Wells' full confession last night, they believe he is getting ready to throw himself on the mercy of the court when his case comes to trial. Close watch is being kept on Wells as it is feared he may attempt suicide.

**Frank Bell of Zanesville Received
Bullet in Abdomen—Robber
Made Good His Escape.**

[ASSOCIATED PRESS TELEGRAM]
Zanesville, Jan. 15.—With the police in all Ohio cities aiding in the hunt no definite clue has been secured as to the whereabouts of the man who shot and fatally wounded J. Frank Bell, 62, in the Bell telephone office here Saturday evening at 8:40 o'clock, when he held up the cashier and robbed the office of \$211.

Mr. Bell, a collector for the telephone company, was in the office to protect the force of women from such an attack. Investigation shows that the man stood outside the building surveying the interior waiting an opportune moment to steal the day's receipts.

He chose an interval when the cashier, Miss Nellie Osborn, and Mr. Bell were in the office alone. He crept into the office the door was closed and vaulted the four foot counter and stood within a foot of the door to the cashier's cage, which stood open.

The first impulse of Miss Osborn was to save the company's funds, and she reached for a telephone, but the robber commanded her to not say a word.

Just then, Bell, who had been seated at the rear of the desk rushed forward with a stool swung above his head ready to attack the robber. As the cash drawer was drawn open Bell was within 10 feet of the cage when the robber fired one shot. The collector sank to the floor with a bullet in the abdomen, and the desperado gathered the bills from three compartments in the drawer of the cage, vaulted the counter and was gone. Miss Osborn immediately notified the police.

Later Bell died at the Bethesda hospital from the wound. No trace of the burglar has been had since he dashed from the building. A description of him sent broadcast by the police says he is from 25 to 30 years old, medium in height, weighing about 165 pounds, smooth shaven, fair complexion and rather neatly dressed, wearing a greyish or brown cap and a brown overcoat.

The county commissioners have been asked to offer a reward for his capture.

**French Command
Empress's Brothers
For Brave Conduct**

Paris, January 15.—Prince Sixtus of Bourbon de Palma and his brother Prince Xavier, brothers of the Austrian empress, who are serving in the Belgian army, have been commended in French army orders in the following terms:

"They spontaneously offered their services in the cause of right and attached to the section of stretcher bearers in the first line, have on all occasions given proof of devotion and complete contempt of danger."

At the outbreak of the war the two princes sought to enlist in the French army but could not be taken in account of the law excluding from the army all members of the former French royal family whereupon they joined the Belgian forces.

Admiral Dewey was reported as "slowly sinking," by his doctors at 2 o'clock this afternoon.

Events on the European battlefields are summarized from reports from capitals to the Associated Press as follows:

Field Marshal von Meckensen's outposts are now planted only six miles from Galatz, the important Rumanian port on the Danube and of the Sereth line, the Teutonic pressure having resulted in another gain yesterday when the town of Vadeni was taken. Vadeni is a scant two miles south of the Sereth river itself, on the railway between Braila and Galatz.

front the continuing ghrdshurdurdl Elsewhere along the Rumanian front the continuing battle which is being waged under extremely adverse weather conditions, has resulted recently in few modifications of the line. Petrograd's reports have indicated a virtually unchanged position, while Berlin's claims have been for the most part of isolated points of vantage won along the Moldavian frontier mountain chain.

On the northern end of the Russian front in the Riga district the advances recently scored by the Russians appear to have been maintained in the face of heavy counter attacks by the Germans. Twice on successive days Petrograd has announced the repulse of heavy assaults by masses of troops.

The operations on the Franco-Belgian front are confined for the most part to the artillery. Paris has only activities by this arm of the service to report today.

A heavy fall of snow along the French front, particularly that defeated by the British army is reported. There has been little activity on the part of the infantry though the artillery continues its bombardment of enemy positions.

Today's statements from Berlin and Petrograd report further severe fighting in the Moldavian mountain valleys, in which the Rumanians, according to the Russian report, pushed back the Teutonic front in the Kasino river region. Berlin claims the repulse of strong attacks on German positions north of the Suchitza valley.

In Macedonia where violent snow storms have raged in some sectors and floods in others, there has been sporadic fighting chiefly toward the western end of the line. There has been particularly violent artillery fire along the Vardar and within the bend of the Czerna, toward Monastir, while the Italians, on their front, repulsed an attack and took prisoners.

**Admiral Dewey's
Condition is Cause
of Apprehension**

[ASSOCIATED PRESS TELEGRAM]
Washington, Jan. 15.—Admiral Dewey's condition was such this morning that his doctors said he was very weak and it was feared his once great vitality might fail at any time.

In a bulletin issued this morning by Dr. A. M. Fauntleroy, U. S. N., the senior surgeon in charge of the admiral's case and Dr. Luther Sheldon Jr., U. S. N., who is associated with him the admiral's condition was stated as follows:

"Admiral Dewey has been suffering for the last five days from a general breakdown consequent upon his eighty years of age. For several days there was some improvement and at times it appeared as if he might rally and succeed in overcoming the depression of certain organs."

"Last night the admiral slept fairly well, at times he was irrational and showed evidences of a gradual decline."

This morning he is very weak and his general condition is such as to fear that his once great vitality may fail at any time."

The admiral is being treated at his home.

FALL FROM POLE
CAUSES DEATH
JNO. FARAHAY

The body of John Farahay, 39, who died as the result of an accident in Fostoria on Saturday afternoon, was brought to the home of his sister, Mrs. James Floyd, 225 East Main street, Monday morning.

Mr. Farahay, for a number of years, foreman of the Bell Telephone company in Columbus and well known in Newark, was employed by the Central Union Telephone company in Fostoria as a lineman. Saturday morning while at work he fell from a 20 foot pole and was fatally injured. He was removed to the Fostoria City Hospital where the examination disclosed a concussion of the brain. Every medical and surgical aid was rendered, but after suffering greatly for four hours death resulted at 12:30 o'clock Saturday afternoon.

He is survived by his wife and one son James of Columbus, four sisters, Mrs. James Floyd of Newark, Mrs. Fred H. Moore of Philadelphia, Mrs. W. C. Holmes of Philadelphia, Mrs. G. W. Williams of Indianapolis and one brother William Farahay of Columbus.

The body was brought to Newark today and the funeral services, which will be private will be held at the home of Mrs. Floyd, Tuesday morning at 10 o'clock, Rev. Father Waterson officiating. Interment in Mt. Calvary cemetery.

**SUPREME COURT
AFFIRMS DECISION
IN WHITE SLAVE CASE**

[ASSOCIATED PRESS TELEGRAM]
Washington, January 15.—Interpreting the Mann white slave law, the supreme court today decided that prosecutions under the law for transporting women in interstate commerce are not limited to commercial vice, and include personal immoral escapades. Conviction of F. Drew Caminetti and Maury I. Dicks of Sacramento, was affirmed.

Following interpretation of the Mann act, the court also affirmed conviction of L. T. Hays of Alva, Oklahoma.

The court was divided, the majority opinion was given by Justice Day. Chief Justice White and Justices McKenna and Clarke dissented. Justice McKenna took no part in consideration of the cases.

"The plain terms of the act must take precedence over the designation and the report that accompanied it to congress," said Justice Day. "It is said it will open the door to blackmail, but that is to be considered by congress. We think the power of congress to regulate transportation of passengers affords ample basis to exercise authority in the case of this statute."

Justice McKenna announced the dissent but did not deliver any opinion. Justice Day's majority opinion read:

"In none of the cases was it charged or proved that the transportation (of the women involved) was for gain or for the purpose of furnishing women for prostitution for hire. There is no ambiguity in the

terms of this act. It is elementary that the meaning of a statute must in the first instance be sought in the language of the act as framed and if that is plain the sole function of the courts is to enforce it according to its terms.

"To cause a woman to be transported for debauchery or to run immoral purpose, for which Dicks and Caminetti were convicted would seem by the very statement of the facts to embrace transportation for purposes denounced by the act. While such immoral purpose would be more culpable in morals if accompanied with expectation of gain, such considerations do not prevent the lesser offenses against morals from the execution of purposes within the meaning of the law. To say to the contrary would shock the common understanding of what constitutes an immoral purpose."

Whether women involved become technically accomplices, argued in behalf of the three defendants, was not directly decided by the court.

**COLD SPELL MAY

SEVERAL DAYS**

[ASSOCIATED PRESS TELEGRAM]
Columbus, January 15.—Ohio may continue for several days in the grip of the cold spell which came with heavy snow Saturday night, according to the weather forecast today.

With the arrival of the cold wave gas companies again resorted to the rule of domestic consumers first, shutting off the supply to many industrial plants in conformity to the rules authorized several weeks ago by the state public utilities commission.

At Cleveland another gas shortage was reported due to the zero weather.

Persons on the freighter thought the undersized boat might be the German submarine merchantman Deutschland on a third ocean voyage to America.

The stranger made no move to attack the Clematis, which was at the time approximately 500 miles east of Newport, R. I.

ARMY AVIATORS
TO SEARCH FOR
LOST COMRADES

[ASSOCIATED PRESS TELEGRAM]
San Diego, Cal., Jan. 15.—Three army airplanes are to leave here today to attempt the rescue of Lieutenant-Colonel Harry G. Bishop and Lieutenant W. A. Robertson, Jr., the army aviators who disappeared while on an unauthorized flight to Calexico, Calif., and return last Wednesday.

The machines will be piloted by Captain Byron Q. Jones, Captain Herbert A. Dargue and flying instructor Albert Smith, each of whom will be accompanied by an observer.

Estaban Cantan, governor of Lower California, has given permission for the American airplanes to cross the border. The airplanes will be accompanied by motor trucks and automobile detachments from the signal corps aviation school here, carrying skilled mechanics and extra equipment for the air flotilla.

Fuel and provision bases will be established throughout the Volcano lake country where Bishop and Robertson were last sighted. The main supply base will be at Calexico.

Upon reaching the volcano lake country below the border each plane will be assigned a certain section of terrain to reconnoiter but all will fly in a direction parallel and in sight of each other in order that assistance quickly can be rendered in the event of a forced landing.

Of the men who are to fly today, Captain Dargue is most experienced in the hazardous work of crossing mountain and desert.

While attached to the expeditionary force in northern Mexico he flew from Colonia Dublan to Columbus, N. M., in a blinding snowstorm with Lieut. Edgar Gorrel as passenger. Both men were covered with icicles before the flight was ended. Captain Dargue has also made a number of night flights over the mountainous regions of Northern Mexico.

ANOTHER PARTY STARTS.

[ASSOCIATED PRESS TELEGRAM]
Washington, Jan. 15.—Thomas W. Lawson sprung a sensation in the "leak" inquiry today when he testified that Chairman Henry, of the rules committee, conducting the inquiry was the congressman, who told him that a cabinet officer, a member of congress and a banker were said to have profited in the stock market by advance information on President Wilson's peace note.

Lawson said that the banker who told him he knew another banker who dominated a cabinet officer in Washington was Archibald S. White of White & Company, Boston. The committee immediately issued a subpoena for White.

As an outcome of the Lawson case Representative Harrison, Democrat, of the rules committee today proposed a constitutional amendment by which senators and representatives will not be privileged or immune in testimony before congressional committees and must have reasonable justification for words spoken in congress.

Lawson named Secretary McAdoo as the cabinet member who he said had a part in the leak.

[ASSOCIATED PRESS TELEGRAM]
Washington, Jan. 15.—The house rules committee today resumed its efforts to get Thomas W. Lawson to give the names of officials who he intimated in previous testimony might be involved in his charge relating to a leak of advance information on President Wilson's peace note.

Before the hearings began the committee met in secret session to pass on a proposal to ignore a writ of habeas corpus in case Lawson should obtain it in a fight against contempt proceedings. Plans were considered to prevent Lawson from introducing the name of any representative of a foreign government in his testimony.

Among others called to testify were Bernard Baruch of New York; F. W. McKinnon, Chicago broker; James R. Bailey of the Dow-Jones service on Lawson's advice; and the Wall Street Journal's Donald McDonald of Boston; and members of the Brokerage firm of Lockwood and company, New York.

While the committee was deliberating behind closed doors a message was received from Lawson saying he could not reach Washington at the time specified for his appearance but would arrive later in the day.

Chairman Henry then directed the sergeant-at-arms to get immediate service on Lawson to bring him before the committee. A recess was then taken pending his arrival.

The committee voted to recommend to the house the adoption of another resolution which broadened the scope of the inquiry still further and extend the time in which the committee might report to ninety days. This members say, would give ample opportunity to investigate anything that might develop.

Later Chairman Henry received a telegram from Lawson saying he would arrive at 2 p. m. Henry then set the time for the hearing to resume at 3 o'clock. It developed during the recess that Chairman Henry received a letter from Lawson yesterday laying down certain conditions under which he would testify. His principal contention, it is understood was that a special congressional committee be formed to interrogate him. The rules committee will not heed the contention.

James Reilly, news manager of the Wall Street Journal and Donald McDonald, head of a Boston financial bureau to whom Lawson is said to have given the name of the congressman and a broker who he says told him the name of a cabinet member, a congressman and a broker who were involved in stock market operations were waiting to testify.

Washington, Jan. 15.—Two resolutions to strengthen the powers of the rules committee to compel witnesses to answer questions were presented by Representative Garrett, a member of the committee, and were adopted soon after the house met. One of them was general in character but the other would compel Lawson to give names specifically.

PATENT GIVEN TO E. M. JONES DENISON MAN

Professor E. M. Jones, head of the Science department of Adrian (Mich.) college, has secured a patent in his thermo-hygrostat after two years delay by the patent bureau of the U. S. This patent is the result of several years of work by Prof. Jones and seems to be his greatest invention. Prof. Jones was graduated from Denison University in 1903 and in 1906 received his Master's degree from the Granville college.

The purpose of thermo-hygrostat is to regulate the quantity of heat and moisture in a room. It is especially useful in botany and physics laboratories where the amount of moisture must be regulated. It is also useful in the home. In buildings heated by furnaces, the moisture is soon exhausted or at least diminished below that on the outside. On leaving such a room, the pores of the skin cannot adjust themselves at once and a cold is the result. With the thermo-hygrostat attached to the furnace and set at a certain amount of moisture, say 70 per cent, this danger of catching cold is eliminated.

This is only one of Prof. Jones' numerous inventions. He now has in the hands of a firm in Chicago, a new laboratory scale. This is an individual scale that can be attached to any desk. It also has with it a receptacle for chemicals which contains everything that the student needs. At least one-half of the student's time is taken up in hunting for chemicals and weighing them. With this scale and attachments at hand he can do double the work.

In addition to these two inventions mentioned, Prof. Jones has some that are already completed, others that are still in the making, among them being a cleaning compound, an anti-stain chart, barometers both mercury and air, and others.

500,000 BATHE INTERNALLY

The marvelous growth of Internal Bathing since the advent of "J. B. L. Cascade" is accounted for not only by the enthusiastic praise of its users to others, but also by the physicians insisting more and more that the Lower Intestine must be kept free from waste to insure perfect health and efficiency.

Mary L. J. Walker, M. L. D. Clean, N. Y., writes: "I must tell you of a case of Constipation lasting twenty years that was cured by your Cascade treatment. The physician in charge said the patient had a tumor between the stomach and intestines. The patient being 62 years old, he claimed no help could be given except the knife, but finding the intestines in good state, I advised the 'J. B. L. Cascade' which resulted in a complete recovery. When I took the case, she was taking a laxative three times a day and had been for three weeks, couldn't get along without it. Now she never takes any laxative."

Special Services at Presbyterian Church

"The Passion Play at Oberammergau," at First Presbyterian church last night by Rev. James H. Lawther drew a large congregation, notwithstanding the zero weather.

Remember, Christ is not on his trial now. He is achieving greater things for humanity today than ever before. Everybody worth while does something for the public without pay. Men and women of Newark, what are you doing?

For nearly three hundred years the inhabitants of the little southern German country have lived to portray the last week of Christ's life and their devotion and sacrifices have made such impressions upon those who have witnessed the play that such a graphic orator as Rev. Mr. Lawther can come to us and reveal new depths of love that Christ has for mankind.

Tonight will be given the buoyed pathway of right directed by "The Law." Law has no more positive sphere than is found in the individual relation to God. If you smile, frown, hate or love the law of nature returns what you give, and if selfishness keeps you away from the church and from doing right, you alone must abide the penalty fixed by law.

Go to the First Presbyterian church at 7:30 tonight and hear a splendid sermon that will do you good.

Family pleasures multiply in the home that is warmed thoroughly and evenly with cleanly and economical heat produced by an outfit of

AMERICAN & IDEAL RADIATORS & BOILERS

No family too large or too small to enjoy this genial, dollar-saving heat throughout the coldest winter.

Families by the thousands, in all parts of this cold-swept country, now living in the comfort and safety of IDEAL-AMERICAN heating, sing its praises and recommend its use. Each family will have its own particular way of expressing satisfaction, but all will unite in acclaiming its economy, dependability, safety and cleanliness.

IDEAL-AMERICAN heating defeats Winter at every turn!

Fathers are pleased at the absence of labor and repairs. The long-between firing periods of IDEAL Boilers make the outfit extremely easy to run, the fire kindled once at the beginning of the season burns until Spring with the use of almost any fuel—wood, oil, gas, hard or soft coal, run-of-mine, screenings or pea coal. IDEAL Boilers are scientifically built, fully tested, and will produce the greatest number of heat units per pound of fuel burned.

Mother rejoices in the uniform even heat in all rooms for the children and old folks. No ash dust or coal gases in the air, therefore less house-cleaning. The IDEAL Boiler and AMERICAN Radiators really add to her leisure time, making the house the pleasantest, most harmoniously heated place in the world, no matter how bleak Winter howls outside.

W. C. WARE IS NEW STOREKEEPER FOR NEWARK DIVISION.

The following changes have been made in the storekeeping department of the Baltimore and Ohio railroad system as announced by D. A. Williams, general storekeeper.

H. P. McQuilkin, formerly district storekeeper of the western lines is appointed chief clerk to the general storekeeper at Baltimore, succeeding A. R. Portlock, who died recently.

H. Shoemaker, formerly storekeeper in charge of the West Virginia district, is appointed storekeeper with jurisdiction over the southwest district, with headquarters at Cincinnati.

Mr. Ware, formerly special agent of the purchasing department, is appointed district storekeeper in charge of the Wheeling district and the Newark division.

Mr. McQuilkin entered the service of the Baltimore and Ohio in 1905, at Cumberland, as material distributor in the stores department.

He was made storekeeper at Connellsville, in September, 1910, and was advanced to district storekeeper of the western lines and the Cincinnati, Hamilton and Dayton in April, 1914. He is 30 years of age.

Mr. Shoemaker was born February 8, 1883, and entered the stores department as a laborer at Cumberland in July, 1900. Being promoted to distributor, he next became foreman and from that position was advanced to storekeeper at Grafton, W. Va., March 1, 1911, becoming district storekeeper of West Virginia on June 1, 1916.

Mr. Ware was born September 16, 1872, and began as a clerk in the maintenance of way department, at Zanesville, O., on January 1, 1904. Eight months later he was transferred to the store department and was promoted to a special agency in the purchasing department Sept. 1, 1913.

Contrary Method. "How are you going to learn to drive your motor car?" "I am going to employ a coach."—Baltimore American.

Automobile Pioneers.

There was an interesting event at the National Automobile Show at New York a few days ago, when 400 motor manufacturers and designers were present. Never before, the dispassionate says, have so many of the pioneer makers of automobiles got together. The occasion was a tremendous contrast from the days when these originators of the automobile were first trying to market their product.

The automobile business is now one of untold wealth and vast possibilities. Great fortunes and great co-operative industries have been built up. Fifteen years ago, many present day millionaires were unknown men, struggling with great mechanical difficulties and pressing financial problems. Many of them succumbed to the situation and went into bankruptcy or broke down physically.

They had in their heads the germ of a great idea. But it was tremendously expensive to work it out. In many a little dirty workshop these pioneers were wrestling with refractory motors, trying to make the thing work. For every difficulty removed some fresh problem took its place.

The new automobiles went chugging around the country, scaring horses, while farmers' families rushed to the door to see the new wonder. In every town you can now find some man who boasts of being the first to own an automobile in that locality. He can tell you a comical story of his experiences. He would get stranded on some out of the way road, while the country people gathered around and laughed at his predicament. All the while, however, he was positive that the thing would never be practical. Hundreds of people remember the first automobile driven in Newark by Dr. O. P. Sook, S. E. Rhoades and Robert Lingafelter.

The development of the automobile in the past 15 years is one of the most wonderful chapters of human progress. One would like to have been present at that dinner in New York, and seen the men who have put through the greatest piece of modern machinery, the automobile, persistence and ingenuity, they could tell.

Marriage and H. C. of L.

Vital statistics are usually regarded as following quite nearly certain fixed ratios of recent years, though, there has been the suggestion from many quarters that high prices were affecting the marriage rate. One of the most notable instances comes from San Francisco, where the number of knots tied in 1916 was but 7,790, as against 8,779 for 1915. The authorities attribute the falling off to high living costs. It suggests that the love in a cottage motive is growing less powerful. Certainly our forefathers considered but little any such matter. They did not have to meet high prices, but they confronted conditions far more burdensome. One never hears that the man who settled the Far West and the plain states ever hesitated about marriage.

On the eve of their adventurous departure into pioneer life, they took unto themselves wives. No matter how toilsome and difficult the conditions, they raised large families. Their children labored to subdue the forest and plant the soil, and great prosperous states are the result of their confidence and courage. If you ancestors found the prices of the necessities of life going up, they went without, or they raised supplies in their own back yards. It never occurred to them to deny themselves marriage or postpone it. The young people of today feel keenly the social demands of their times. It is not merely a question of earning a living. They want comfortable houses with modern

City Manager.

Writing about Dayton, H. T. Chase calls attention to the excellent accounting adopted by the city manager. These and all other efficient methods, he says, might, of course, be adopted by other municipalities not under the city manager plan. But the truth is, such methods are not thus adopted, whereas they are taken for granted as part of the routine under the city manager system. That is one of the big advantages of the city manager plan. The thing is built to produce efficient government. Its whole idea is to conduct business on a business basis.—Kansas City Star.

Electoral College.

In one respect the meetings of the various electoral colleges must be regarded as epochal. That is because for the first time one of them, at least, numbers women among its members. Mr. Wilson will thus enjoy the distinction of being the first president to be chosen by women electors, not merely at the polls but in the electoral college. Thus far electors—out there they call them electresses—and thus add a new horror to politics—are, as might be surmised, from the pocket borough of Hiram Johnson commonly known as the state of California, and they are three in number.—Boston Transcript.

Washington "Dry"?

Washington "dry"? What a contrast with the good old days of the capital city, when it was famed for the excellence of its drinks and food! If the Demon Rum shall be driven from his lair on the Potomac he cannot cross that stream into Virginia, for that State is now enlisted under the banner of Prohibition. Maryland alone remains open to him, and Baltimore, only an hour away, seems his logical haven. PROMINENT WOMEN ENDORSE OUR STATEMENTS.

Newark, Ohio.—"I had a very satisfactory experience with Dr. Pierce's Favorite Prescription. I was poorly, dragged out, tired out and had female trouble. I was persuaded to use several bottles and it put me on my feet. I gained in weight and strength and became quite well under this treatment."—Mrs. Geo. S. Lewis, 308 Wilson St., Newark, Ohio.

Newark, Ohio.—"I have had a most satisfactory experience with Doctor Pierce's Pleasant Pellets. For over ten years we have found them a reliable and efficient remedy for biliousness and constipation. You may say I recommend them."—Mrs. L. M. Wells, 62 Buena Vista St., Newark, Ohio.

Dr. Pierce's Favorite Prescription is a true friend to women in times of trial and at times of pain when the organs are not performing their functions. For headache, backache, hot flashes, catarrhal condition, bearing down sensation, mental depression, dizziness, fainting spells, lassitude and exhaustion women should never fail to take this tried and true woman's medicine.

For girls about to enter womanhood, when about to become mothers and for the changing days of middle age, Dr. Pierce's Favorite Prescription should always be on hand.

It's a temperance remedy that is extracted from roots with pure glycerine and its ingredients are published on wrapper.

Any medicine dealer can supply it in either liquid or tablet form. The cost is modest, the restorative benefits truly remarkable. Write Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for free 126 page book on woman's diseases. Every woman should have one. You can also have confidential medical advice without cost.

K. Smith in costume. At four o'clock the hostess served an elegant luncheon, assisted by Mrs. Frank Reel and Misses Florence Welker and Mary Reel. The guests of the Circle were Mrs. H. S. Collins and Mrs. Smith. The prize contest was awarded, Mrs. Kate Ankele. The annual winter picnic of the circle will be held February 9th at the home of Mrs. O. E. Meyers, 19 Morris street.

Roworth—Francis.
Rev. J. Emory Walter of this city will go to Columbus to officiate at the marriage of Miss Blanche Elizabeth Francis and Mr. Frederick Alfred Roworth of Seattle, formerly of Rochester. The ceremony will be performed at 4 o'clock this afternoon at the bride-elect's home, 11 Huston-Fergus court, in the presence of twenty-five guests. Mrs. Thomas Corcoran of Toledo, will be matron of honor, Miss Eva Francis, the bride-elect's sister, will be maid of honor, and Mr. Joseph C. Miller of Youngstown (niece of Miss Eva Francis), will be best man. Mr. and Mrs. Curtis Francis, the bride-elect's parents of Pataskala; Mr. and Mrs. Thomas Corcoran of Toledo, and Mrs. Miles Houseman of Tiffin, will be guests at the wedding.

Miss Ussal Mousel entertained a few friends at a dinner on Friday evening at the Hotel Desher, honoring Miss Francis. After dinner Miss Anna Strapp, entertained for Mr. Roworth's fiancée. On Monday evening Miss Francis was guest of honor at a theatre party given by Miss Tella Manahan at Columbus.

The Tuesday Bridge club members will be entertained on the club day at the home of Mrs. W. C. Miller in Hudson avenue.

The meeting of the Burroughs Nature club will be postponed one week on account of the lecture at the high school. The meeting will be held on January 23 instead of January 16.

The Builders were entertained last week at the home of Mr. and Mrs. R. C. Armetrot. Games and music were enjoyed by Misses Jessie Lytle, Marie McPeck, Ruby Wright, Merlin Fleming, Ethel Hall, Doris Smart, Ruth Deal, Mabel Priest, Etta Wells, Goldie McPeck, Florence Heim, Maud Tulloss, Messrs. William Shira, Ed. Reber, Max Slaughter, Russell Retherford, Robert Deal, Thomas Hayes, Harold Priest, Paul Haynes, Dwight Beard and Ralph Hunter.

Mr. W. D. Fulton, the new secretary of state, Mrs. Fulton and family have moved from Newark to Columbus and are at home at 940 East Broad street, the residence of Mrs. Walter Wood Brown. Mrs. Fulton has always been active in church and social work. She is district president of the Mission Society of the Presbyterian church, a member of the Newark hospital board and the board of charities, a prominent worker in The King's Daughters, of which organization she was state secretary for some time, and is also a member of the Daughters of the American Revolution. She is said to be a splendid speaker. There are three daughters in the family, Bertha, Martha and Margaret and one son, W. D. Fulton, Jr., a member of the real estate firm of Baker & Fulton on East State street. Miss Martha Fulton is a graduate of Wells college. Miss Bertha is a singer, having spent two years in Berlin in study.—Columbus Dispatch.

Pease-Owen.
Rev. C. H. Stull, pastor of the Fifth Street Baptist church officiated at the marriage of Miss Eva Owen, daughter of Mr. and Mrs. Sandy Owen of South Third street, and Mr. Floyd Pease. The wedding took place at the parsonage of the church Saturday night and Mr. and Mrs. Pease left for Akron where they will make their home. The bride has been a clerk for the Diamond candy stores.

Mr. and Mrs. William Warren Prosser of Columbus announce the engagement of their daughter Helen, to Mr. Bord Vincent Cherry, son of Mrs. Page Cherry, 2111 Iuka avenue, Columbus. The marriage will be an event of early February.

Miss Prosser is well known in Newark having been the guest of Mrs. Jay Cooper of Charles street on many occasions.

Milady's Boudoir

Milady's Teeth.
In the majority of cases, the teeth are sufficiently far apart for small particles of food to lodge between them. If these particles are not promptly removed the heat and moisture of the mouth, acting upon them, promote their decomposition and set up an acid fermentation that causes the decay of the enamel and finally of the teeth.

When the teeth are decayed this danger is even greater and the result is offensive gasses, fetor of the breath, poisons of the blood and grave injuries to the digestive and nervous system. When possible dental floss should be used after every meal. Toothpicks are to be tabooed for several reasons. The wooden toothpick is especially undesirable because tiny particles of wood are sometimes left in the gums.

When the teeth are of irregular formation it often happens that the toothbrush does not reach all of the surfaces. In that event they should have treatment once or twice a week with a soft orange wood stick which, dipped in tooth powder, is used as a cleanser and polisher. This little attention not only keeps the teeth from becoming yellow but it discourages the growth and development of bacteria and prevents the catarrhal irritation that sometimes sets up about the margin of the gums which leads in time to their recession and exposure of the teeth where they are not protected with enamel.

In addition to this treatment the mouth should be rinsed every night with some mild antiseptic solution. Tincture of orris, rose water and alcohol in equal parts, flavored with a drop of oil of bitter almond make a very agreeable mouth wash.

"MOST BEAUTIFUL WOMAN IN EUROPE" IS DAUGHTER OF MRS. CORNWALLIS-WEST

Princess Henry of Pless.

Princess Henry of Pless, of whom a recent portrait is shown, is the daughter of Mrs. William Cornwallis-West, central figure in the great army scandal that is now occupying the attention of British officialdom. Princess Henry is more than ordinarily comely and it is the opinion of many authorities that she is the "most beautiful woman in Europe."

Granville

Granville, O., January 15.—King Winter reigns once more, and seems in no mind to abdicade. With no bluster and no flurry, he again has assumed the royal ermine and presents a truly magnificent appearance. A snow has been falling since Saturday. Eleven inches mark the average depth of this snow fall, and with mercury down to 12 degrees below, last night, there seems no immediate prospect of a change. Kind hearted householders are feeding the birds which carry off an incredible amount of provender.

President C. W. Chamberlain who spent last week in Chicago attending important meetings of college presidents, and of representatives of Baptist colleges, has returned. He reports an interesting series of meetings, but says the only thing of local interest is the date of Denison day, which is to be observed by alumni and friends of Denison everywhere. This date is Feb. 3, the day on which the Ohio legislature, in 1832, granted a charter to this college; the day on which every alumnus, former student and friend of the institution is asked to think of Denison and talk of Denison. A special program has been arranged here and one in Chicago.

Because of conflicting dates Prof. C. D. Coons has called off the football game with Brown university, which had been arranged with the Big Red team next fall.

Denison defeated Capital City Saturday evening at the first 1917 contest, in Cleveland hall, by a score of 36 to 10. A good attendance marked the opening of the season.

Chi Psi Delta entertained Saturday afternoon, Jan. 13, in honor of Miss Madeleine Edgerly, whose engagement to Mr. Nelson Rupp has been announced. Their attractive chapter house was appropriately decorated with the sorority colors and those of Beta Theta Pi. Mr. Rupp's fraternity. At 6 o'clock, dinner was served to the following:

Mrs. Corinne Lockman, Messrs. Nelson Rupp, Dorman Richardson, Leland Schock, Edward Sperry, Mark Smith, John Hundley, Frank Spencer, Kenneth Chaffee, Howard Earnshaw, Earl Smith, Hubert Hopkins, Herschel Bowyer, Kerline Hopkins.

Mr. and Mrs. J. S. Jones who have been in Chicago for a week, returned yesterday to Bryn Du farm.

Mr. and Mrs. W. H. Dohbey had for Sunday guests Mr. and Mrs. Robert Bell of Long Island.

Mrs. Margaret Haldeman who has been quite ill during the past week, is greatly improved and able to sit up.

Mrs. William Swank who has been seriously ill for the last month at her home in East College street, is reported as much improved. A trained nurse has been installed in the sick room.

Mrs. C. W. Chamberlain with her two daughters has returned from a week-end visit with her sister, Mrs. Lee Cotter, in Mansfield.

The special meetings in the Methodist church closed last night with a fine attendance and great interest. Several people have come forward and will join the church.

The Engwerson chorus is rehearsing "Hiawatha" to be sung at the spring festival with the Russian Symphony orchestra and Director C. H. Eschman has booked Oliver Cleveland Howard and assistant singer for tomorrow, Tuesday evening, in Recital hall, who will give her lecture-recital on Indian music. Get your tickets at Ulm's.

Mrs. Nellie Hammond, formerly of Alexandria, and Miss Lillian Vandenberg, left Monday morning for an extended trip through southern Ohio, and to visit their sister, Miss Mannie Vandenberg, who is nursing in the Cincinnati general hospital.

Our Boys and Girls

Teach the children to drink water instead of visiting the soda fountain each time they feel thirsty. Any pure water is healthy. If a chemist gave you an analysis of your drinking water it would, no doubt, be found pure and full of all sorts of health giving minerals which would inspire you with the deepest respect for the water which your children have so deeply despised.

Drinking a glass of water a half to three quarters of an hour before each meal will rinse out the little stomachs and better prepare it to receive the food that follows. Then between meals, encourage them to drink water, from one to two glasses. Nature demands for either food or water are similar and to give the stomach food each time one feels the sensation of hunger is often the cause of chronic stomach trouble.

Every Day Etiquette

"When anyone calls and I am not at home and they leave their card, do I owe them a call or should they call again?" asked Marjorie.

"You owe the call. Your being at home makes no difference. That was your loss and the visitor has paid her obligation," replied her mother.

Impossible.

BLOOD AS A NERVE TONIC

"If people would only attend to their blood, instead of worrying themselves ill," said an eminent nerve specialist, "we doctors should not see our consulting rooms crowded with nervous wrecks. More people suffer from worry than from anything else."

The sort of thing which the specialist spoke of is the nervous run-down condition caused by overwork and the many anxieties of today. Sufferers find themselves tired, morose, low-spirited, unable to keep their mind on anything. Any sudden noise hurts like a blow. They are full of groundless fears and cannot sleep at night.

Decorating the nerves with poisonous stimulants is a terrible mistake. The only real nerve tonic is a good supply of rich blood. Therefore the treatment for nervousness, nervousness, and run-down health is the new rich blood which Dr. Williams' Pink Pills are able to make. The revived appetite, improved spirits and new strength which come after a few days' use of the pills will delight every sufferer.

The free book of "Diseases of the Nervous System" will interest you. Write for it today to the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills. Price 50 cents per box.

Obituary

Peter M. Myers.
Peter M. Myers, aged 51 years, died at Dunkirk, Ind., Saturday evening, at 8 o'clock, after a short illness with pneumonia. The body was brought to this city last night and taken to the home of his wife's father at 3 Stevens street, from where the funeral will take place Tuesday morning at 10 o'clock. Interment in Cedar Hill.

Mr. Myers was a member of Flint Glassworkers local, 107, at Dunkirk, and representatives of that order will attend the funeral. He is survived by his wife and a son, employed by the B. & O. railway at Dunkirk.

Mr. Orr's Funeral.
Dr. C. L. Williams of Granville, had charge of the funeral services for the late George D. Orr at the home 429 Hudson avenue, at 2 o'clock this afternoon. The following pallbearers bore the body to its last resting place in Cedar Hill cemetery: Alex Smith, C. O'Bannon, C. L. V. Holtz, Frank Hilbrand, W. C. Symons and J. Cooper.

John Coyne.
John Coyne died Sunday night at 9:20 o'clock at his home, 244 North Tenth street, after a lingering illness, with a complication of ailments. Mr. Coyne had not been outside his yard in the last five years. He was born in Ireland and came to this country when quite young and has resided in Newark practically all his life. He was employed for years as a painter for the B. & O. railroad. He is survived by his wife and five children: Edward A. M. J. W. F. and George A. Coyne of the home and Mrs. Dayton Harrison of Bond street, and one brother, Edward Coyne of Grant street. Funeral services will be held Wednesday morning at 9 o'clock at St. Francis de Sales church. Interment in Mt. Calvary cemetery.

Samuel C. Macaw.
Samuel C. Macaw, aged 70 years, died Sunday morning at 1:17 o'clock at his home in Eden township death being due to pneumonia. He is survived by one brother, Henry Macaw, residing in this city on Eastern avenue. The funeral was held from the Ball church near Martinburg at 11 o'clock this morning and interment was made in the adjoining cemetery.

THE MOTHER OF THESE FOUR CHILDREN ALWAYS GIVES THEM FATHER JOHN'S MEDICINE WHEN THEY HAVE A COLD OR GET RUN DOWN

"Last winter my oldest boy got so bad with a cold that I thought it would settle on his lungs as he was not very strong. He took a very bad cough, coughed all night long; could not sleep at night and began to lose flesh. I gave him Father John's Medicine and he began to mend so I gave it to him until he got well and strong. I think it is the best medicine there is for colds and run down people. I give it to all my children when they take a cold. I will not be without it in my house in the winter time." (Signed) Mrs. Effie Finn, 830 South Senate Ave., Indianapolis, Ind.

Many mothers agree that for colds and coughs there is nothing that can possibly equal Father John's Medicine, which has had over 60 years' of success, because it is pure and wholesome—a food tonic.

CONSUL'S DAUGHTER IS A BRIGHT LASS

Miss Clarice Eager.

Miss Clarice Eager, 15 years old, but already an accomplished musician and fluent in English, German and French, has attracted much attention in Washington and in Connecticut, where she has been extensively entertained. Her father is the American consul at Bremen, Germany, and this is Miss Eager's first visit to America since she was five years old.

For 26 years Dr. Whitehall's Rheumatic Remedy has been before the public. Thousands of sufferers from rheumatism in its many forms have obtained the relief they sought by taking this old and reliable remedy. Rheumatic aches and pains in legs and backs have vanished, soreness and swelling have been taken out, stiff joints have been limbered, crutches have been thrown away and canes discarded.

Dr. Whitehall's Rheumatic Remedy goes straight to the seat of trouble. Its purpose is to dissolve uric acid and other poisons causing pain, swelling and stiffness—to cleanse the system of these health-destroying forces and restore health and strength.

The many years this preparation has been on the market and the great number of men and women who have had their pains and aches eased through its use is mute testimony of its value. All druggists sell Dr. Whitehall's Rheumatic Remedy, and a 50c box undoubtedly will give great relief, even in aggravated cases.

Card of Thanks.
We desire to thank the friends and neighbors, Iron Molders Union and the Eagles for their kindness and sympathy, also for their floral offerings during the illness and death of our beloved husband, son and brother, Robert Folliard. Wife, Mother, Brother and Sister. 1-15-17.

IN MEMORIAM.
In Loving Remembrance of Mrs. J. B. Elliott, who departed this life Jan. 14th, 1916.
Her dear sweet smiles no more we see.

No more her lips can kiss,
And yet what comfort 'tis to know
She reigns in heavenly bliss
Heaven now retains our treasure.
Earth her lonely casket keeps,
And the sunbeams love to linger
Where our darling one sleeps.
Sadly missed by her loving Mother and Sisters.

Old Time Theater Rowdies.
Rowdism in London theaters was a common occurrence in the old days, as is shown by the following from the London Post of Oct. 27, 1798.

"Two men in the pit at Drury Lane theater last night were so turbulent and riotous during the last act of 'Henry V.' that the performance was interrupted upward of a quarter of an hour. The audience at last assented their power and turned them down fully out of the theater. This was always done to crush the rage of disgusting puppets that are a constant nuisance at the pit."

We can all laugh at the funny men, but fortune, being more discriminating, doesn't always smile upon him.

Do you really clean your teeth?

Tonight, after you brush your teeth, examine them closely. What will you find?

In all probability an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. Your dentifrice does not REALLY CLEAN!

Loss of teeth is usually caused by Pyorrhea or by decay. Both usually develop only in the mouth where germs lodge tartar is present.

SENRECO, a dentist's formula, REALLY CLEANS! It embodies specially prepared, soluble granules unusually effective in cleaning away food deposits. It is particularly destructive to the germ of Pyorrhea. Yet it is perfectly SAFE, containing neither injurious chemicals nor hard grit.

ASTONISHING RESULTS FROM RHEUMATIC REMEDY

Eases Pain—Soreness, Swelling, Stiffness Taken Out of Joints and Muscles.

Rheumatic plasters, liniments, salves, oils, baths and serums have proven ineffective in the treatment of rheumatism. They have failed because the condition causing the intense suffering and agony is deep-seated and only internal treatment that seeks out the cause—roots it out—dissolves it—banishes it entirely from the system—can afford any true relief or affect a real, lasting cure.

KEEP LOOKING YOUNG

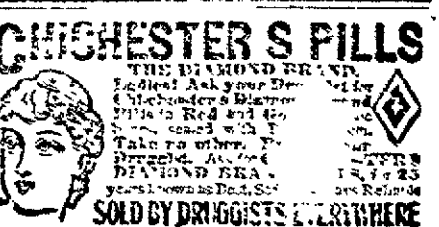

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feed yourself—do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards' Olive Tablets, a well-known compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Death of Grandmother.

Mrs. Anna Hammond and daugh-
ter Miss Mary Hammond have been
called to Indianapolis by the death
of Miss Hammond's grandmother
Mrs. Jane Hammond.

Attended Rehearsal.

Herbert Webber, Sylvester Gain-
or and Harry D. Hale spent Sunday
at Coshocton and attended the Elk
minstrel rehearsal in that city, the
production to be given Monday and
Tuesday, Feb. 12 and 13. A large
number of Elks will attend from this
city.

At Assembly Hall.

The Elks will hold their regular
Tuesday evening minstrel rehearsal
at Assembly Hall at 7:30. This is
necessary on account of regular
meeting night at the Elk club room
to witness play.

The Old Guard of this city will at-

tures I have ever heard," says Sena-
tor La Follette.

Lights Turned On.

The electric bulbs around the
dials of the court house clock have
failed to be lighted several evenings
the past week. The trouble is
caused at times by the breaking of a
bulb causing a short circuit. The
commissioners have ordered repairs
and the lights will probably be in
working order again tonight.

Condition Improved.

The condition of Rev. Don D. Tul-
lin, pastor of the Second Presby-
terian church, who has been seriously
ill, is greatly improved today.

Want Shorter Hours.

Some of the employees of the Lane
Bros. Bridge and Construction Com-

THAW, STILL WEAK HAS VISIT FROM HIS AGED MOTHER

(Associated Press Telegram)

Philadelphia, Jan. 15.—Prelimi-
nary plans for the defense of Harry
K. Thaw, who attempted to commit
suicide here last week, against the
charges of kidnapping and assaulting
Frederick Gump, Jr., of Kansas City,
were discussed today by his attor-
neys and friends of the Thaw family.
No definite line of procedure how-
ever, will be decided until Thaw
himself is able to confer with his
counsel and advise what course
he desires to pursue.

Frank Johnston of New York, an-
other one of Thaw's attorneys said
last night that there was no desire
on the part of the family to place
any obstacles in the way of the New
York officials and indicated that if
competent authorities show that he
would be kept in restraint there
would be no opposition to such
measures.

According to Dr. Elwood W. Kir-
by, one of Thaw's physicians, it will
be two or three days before the pa-
tient is able to talk.

Harry K. Thaw's mother spent
more than three hours at his bed-
side in St. Mary's hospital during the
morning. She declined to say any-
thing regarding the plans of the
family in the matter of Thaw's ex-
tradition to New York. The patient
continues to improve although very
weak.

DUTCH PICK UP GERMAN U-BOAT BUT RELEASE IT

(Associated Press Telegram)

London, January 15.—A Flushing
dispatch to Reuters says that a Dutch
warship brought into Flushing last
night a German submarine which
was found in Dutch waters.

A later dispatch says the subma-
rine was released after an investiga-
tion and escorted outside territorial
waters.

Non-Partisan Tax Measure is Favored By Republican Leader

(Associated Press Telegram)

Columbus, Jan. 15.—Governor
Cox late this afternoon took up with
leaders of the Ohio general assembly
both Democrats and Republicans a
question of drafting a new tax law
to take the place of the Whittemore-
Parrett law held unconstitutional by
the supreme court.

The governor gave no intimation
in advance of the conference as to
what he would propose. He is ex-
pected to urge upon the legislators
the need of immediate action and
may appear before the general as-
sembly in person with a message on
the subject later.

Frank Reighard, Republican floor
leader in the house said his associ-
ates would vote as a unit for a
clean cut non partisan tax measure.

Baker Declares For Presidential Suffrage in Ohio

(Associated Press Telegram)

Cleveland, Jan. 15.—When Sec-
retary of War Newton D. Baker was
consulted by Cleveland members of
the Ohio legislature here today he
came out strongly for presidential
suffrage for Ohio women. He told
his callers if he were a member of
the Ohio legislature he not only
would vote for such a measure but
would get out and work for it.

"Presidential suffrage should be
given Ohio women as a matter of
justice and right," said Baker.

Man's Eyes and Animals'

Aside from the monkey, man is the
only animal having what we call binoc-
ular vision—that is, he can tell
not only the direction of an object, but
he can estimate fairly accurately its
distance. This is because both of his
eyes point at the same object at the
same time, like two range finders. Oth-
er animals do not concentrate their
gaze in this way. Their eyes are set
more nearly at the sides of the head,
so that they see not only forward, but
backward for a short distance. Man,
on the contrary, sees clearly only the
object at which he looks directly.—

MOTHERHOOD WOMAN'S JOY

Suggestions to Childless
Women.

Among the virtues of Lydia E.
Pinkham's Vegetable Compound is the
ability to correct sterility in the
cases of many women. This fact is
well established as evidenced by the
following letter and hundreds of others
we have published in these columns.

Poplar Bluff, Mo.—"I want other
women to know what a blessing Lydia
E. Pinkham's Vegetable Compound has
been to me. We had always wanted
a baby in our home but I was in poor
health and not able to do my work. My
mother and husband both urged me
to try Lydia E. Pinkham's Vegetable
Compound. I did so, my health im-
proved and I am now the mother of a
fine baby girl and do all my own house
work."—Mrs. ALICE E. TIMMONS, 216
Almond St., Poplar Bluff, Mo.

In many other homes, once childless,
there are now children because of the
fact that Lydia E. Pinkham's Vegetable
Compound makes women normal,
healthy and strong.

Write to the Lydia E. Pinkham Medi-
cine Co., Lynn, Mass., for advice—it
will be confidential and helpful.

Dauntless.

mance breathlessly.

"But," scoffed Realism, "only a mo-
ment ago he was riveted to the spot.
Did he file the rivets?"

"Oh, no!" rejoined Romance, nothing
damned. "Fortunately it was only a
small spot, so that by a superhuman
effort he wrenched it loose and carried
it along with him."—Puck.

ANOTHER NEWARK CASE

It Proves That There's A Way Out
For Many Suffering Newark Folks.

Just another report of a case in
Newark. Another typical case. Kid-
ney ailments relieved in Newark
with Doan's Kidney Pills.

Richard Conley, 24 Bowers Ave.,
Newark, says: "My back ached so
severely that I found it hard to rest
at night. I generally work in the
garden and over-exerted myself. I
felt all worn-out and had pains
through my back. The kidney secre-
tions passed too frequently, getting
me up at night and the secretions de-
posited sediment. I took about six
boxes of Doan's Kidney Pills, which
I got at Crayton & Co.'s Drug Store
and was well repaid with a lasting
cure."

Price 50c, at all dealers. Don't
simply ask for a kidney remedy—
get Doan's Kidney Pills—the same
that cured Mr. Conley. Foster-Mil-
burn Co., Props., Buffalo, N. Y.

Change Plans For the Settlement of "Mex" Problems

(Associated Press Telegram)

New York, Jan. 15.—A direct ex-
change of notes between the state
departments of the United States and
the provisional government of Mex-
ico probably will be discussed by the
joint commission, which resumed its
sessions here today, as a cure for
the troubles between the two rep-
ublics.

The commission has been meeting
at different times and places since
September, 1916, and the members
admit that indirect negotiations have
failed to settle the difficulties.

Mr. Read Lectures On "Lim Jucklin" at High School

On Tuesday evening Opie Read
author and humorist will appear at
the high school auditorium under the
auspices of the high school lecture
course. The works of Mr. Read are
well known the country over and he
replaces Dr. S. Parker Cadman on
the program. Dr. Cadman, is with
the guardsmen on the Mexican bor-
der. Mr. Read will speak on "Lim
Jucklin," a character in one of his
books.

LIQUOR DEALERS MEET.

(Associated Press Telegram)

Cincinnati, Jan. 15.—Measures for
the improvement of the liquor busi-
ness will be discussed at the annual
convention of the Ohio Liquor
League which will open here tomor-
row and will continue three days.

Louis Rinkenberger, president of the
league, said that one of the leading
questions for discussion is the pro-
ject of the prohibitionists to hold an-
other election in Ohio this year.

Real Treasure Islands.

There are quite a number of islands
scattered about the globe whereon
buried treasure exists. And people are
always trying to find it. Quite a score
of attempts have been made, for in-
stance, to unearth the treasure alleged
to be buried on Cocos Island. Yet so
far the adventures have yielded no re-
ward for their toil. Fully \$50,000 has
been wasted, again, in futile attempts
to recover the "pirates' hoard" report-
ed to be hidden near the lip of the
crater of an active—very active—vol-
cano on Pagan island, in the Ladrone
group.

Still, as a set off against many fail-
ures, there have been some suc-
cesses. There is no doubt, for in-
stance, that a Liverpool sailor named
John Adams unearthed treasure to the
value of between \$150,000 and \$200,000
on Auckland island some years back;
nor that William Watson, a shepherd,
recovered in 1908 nearly a ton of gold
that had been hidden on one of the
Queen Charlotte Islands. Likewise
two runaway seamen named Handley
and Cross successfully located and
dug up a valuable hoard on Oak Island,
off the coast of Nova Scotia, and this
after many others had failed.—London
Standard.

Dauntless.

"He cleared the sill at a bound and
vanished in the darkness," related Ro-
mance breathlessly.

"But," scoffed Realism, "only a mo-
ment ago he was riveted to the spot.
Did he file the rivets?"

"Oh, no!" rejoined Romance, nothing
damned. "Fortunately it was only a
small spot, so that by a superhuman
effort he wrenched it loose and carried
it along with him."—Puck.

Neil—"He always seems so inter-
esting in what he is talking about."
Belle—"Naturally; he is generally
talking about himself."

FINE FOR RHEUMATISM!

Musterole Loosens Up Those Stiff
Joints—Drives Out Pain

You'll know why thousands use Must-
erole once you experience the glad re-
sult it gives.

Get jar at once from the nearest
drug store. It is a clean, white ointment,
made with the oil of mustard. Better
than a mustard plaster and does not
blister. Brings ease and comfort while
it is being rubbed on!

Musterole is recommended by many
doctors and nurses. Millions of jars are
used annually for bronchitis, croup, stiff
neck, asthma, neuralgia, pleurisy, rheu-
matism, lumbago, pains and aches of the
back or joints, sprains, sore muscles,
bruises, chilblains, frosted feet, colds of
the chest (it often prevents pneumonia).
